Record of periodical measurements

Sample Plot Form No.7

Plot No. 24 Area 0.02 hectare Species Ab.ambalis Yield Class .....

Location ..... Thinning Treatment .....

Year of measurement	Age of crop Years	MAIN CROP (after thinning)									YIELD FROM THINNINGS				TOTAL CROP Yield to date		Periodic Annual Increment per ha		Mean Annual Increment per ha	Entered and Checked
		No. of trees per hectare after thinning	Height		Diam at 1.3m		Basal area per ha after thinning	Form Height	Volume per ha (over bark)	Crown %	Bark %	No. of trees per ha	Av. Diam. at 1.3 m	Basal area per ha	Volume per ha (over bark)	Basal area per ha	Volume per ha (over bark)	Basal Area	Volume (over bark)	Volume (over bark)	
			Average of		Average of																
			100/ha m	crop m	100/ha m	crop m							cm								
							m^2		m^3					m^2	m^3	m^2	m^3	m^2	m^3	m^3
